Report on our recent lunchtime concert in Henley on Thames

Saturday 22 November was a very wet day, but it didn't dampen the spirits of the coachload of choir members and supporters heading for the beautiful old church by the Henley bridge. It did however find its way through the old roof of the Church; hence the constant dripping water just where Sheila, our conductor, was planning to stand.

After mopping up, and getting a bucket in place, Sheila kept dry and the warm-up went ahead. Some might say that it gave us a built-in metronome!

The concert itself was very well received and our audience liked the variety of the music, which included just a few Christmas items, and they really appreciated the solo talent within the choir.

We spread ourselves around Henley afterwards and, despite the continuing rain, it was a happy coachload which set off for Amersham and Chesham later, cheered on by welcome positive feedback via Sheila. The parish church by the bridge in Marlow is our Thames venue for 2026: more about that in the New Year.

Greetings

Thank you for your continued support and I very much hope you will be able to join us at the Christmas concert, when we would be able to wish you a Happy Christmas in person.
